

Happy New year

Love-filled Greetings of Happiness,
Prosperity and Health for the New Year!

This past year has served to deepen our sense
of compassion, strengthen our inner capacities,
and enrich our spiritual understanding.

On the basis of these invaluable attainments,
we invite each of you to take the unlimited
and constant support of God's Love, Light,
Power and Protection to create benevolence
and brightness in your own lives,
and the lives of others.

With elevated feelings, and a closeness of the
heart, we send many many wishes to you
for a beautiful new year,

In God's Sweet Remembrance,
Mohini Didi
